

Style Personified
Honeywell Doorbells

Live well with
Honeywell

Life in **harmony** with **Honeywell** doorbells

Honeywell doorbells represent the next generation in technology for the home – doorbells that not only adapt to suit your home, but have the capability to grow with your family as needs and habits evolve.

By taking Friedland's 60 year heritage of creating the best doorbells in the world, and adding Honeywell's expertise and track record in innovation, we've designed a range of truly revolutionary doorbells from the ground up that are not only stunning and incredibly reliable, but also completely change the definition of what a doorbell is capable of.

Honeywell doorbells are different because of their intuitive design and flexibility. They grow with your family, adapting to your home and lifestyle through a range of clever, customisable features so you're always able to control how you use them. And thanks to Honeywell ActivLink™, you're even able to link your Honeywell doorbell to your Honeywell Home Alarm system for greater convenience and peace of mind.

Never miss a visitor or delivery

- Portable doorbells can be taken with you anywhere around the home and garden
- Wireless range of up to 150m means your doorbell will always work, wherever you place it
- Link two doorbells together to boost the wireless range from 150m up to 300m

Disturbance free

- Sleep mode mutes the sound for 3, 6, 9 or 12 hours, so you can relax free of any disturbance
- Use Mute mode to silence the doorbell until you turn the sound back on again
- Easily adjust the volume to suit your family or mood

Mute

3hr

6hr

9hr

12hr

Visual alerts

- The unique Halo Light and LED Strobe features provide visual alerts great in loud environments, when sleep or mute mode is activated and for the hearing-impaired.
- Nightlight mode guides your way in the dark with a soft comforting glow

Compact size, rich sound

- Crystal clear sound quality that can be heard throughout the home and garden
- A maximum volume of 84dB gives an audible range of up to 100m
- Choose from up to 6 melodies

Peace of mind

- LED confidence light clearly indicates that your doorbell push is working
- Press three times quickly, and our Secret Knock function plays a different melody, so you know if it's a family member or friend at the door.
- Up to 2 years battery life and 2 year product guarantee

Easy to install and use

- Pre-linked and ready to go out of the box
- Easy optional screw-free installation
- Easy open battery compartment
- The USB charging feature means you can still charge your phone or tablet without unplugging your doorbell

Series 5 range

stylish compact
designer doorbells

Series 5 doorbells are, quite simply, style personified. Designed to be compact and chic, but packed with amazing features, their sleek design allows them to blend seamlessly into any home.

Featuring portable doorbells for those families who need flexibility, and plug-in kits suited to active households who want to fit and forget, there's a Series 5 doorbell to suit every home, from busy couples to young families, and everyone in between.

Simple to install and set-up to work straight out of the box, all our Series 5 doorbells benefit from Honeywell ActivLink™ technology, which provides incredibly reliable wireless connectivity and improved battery life of up to 2 years, all supported by our 2 year product guarantee.
